# MY CHILDHOOD

The most joyous period in one's life  
Is the exciting childhood  
There is much time for play, we make many friends  
And chat away to know ends  
There is no need to worry  
Or to be in a hurry  
There is no tensions  
For we don't look for pensions  
Such a pleasant life  
Is the wonder full childhood life.

**But whatever i look at it carefully,**

**I see some elves running by**

**That wonderful rainbow,**

**A mix of seven colours,**

**It makes me curious.**
