Touch.....

Manager' message

“What a man think the so is he, ” says the Holy Bible.

All our behaviour patterns and success in life result from the thoughts that precede it. The thoughts that pass through our minds are responsible for everything that happens in our life and other's lives as well. When we have fresh, new, creative, invigorating and optimistic thoughts in our minds,

they create an aura of positive vibrations around us which not only benefits us but also others who come in contact with us. Then, even the goals considered to be unattainable, will be within our reach. Our positive thoughts bring forth change in our life and become the stepping stone to success. On the other hand, negative thoughts weaken the mind, making it restless, agitated and impure. The result is always negative and a stumbling block to success. Such is the power of thoughts. Our thoughts always influence our behaviour and attitude and control our actions and reactions.

Let our thoughts be Divine, Great and Positive. I am very glad to hear that the young, talented “LIITTLE KITES” of our institution prepared a digital magazine titled “LITTLE QUEST”

Wishing all the very best..

SHINING SUN

The yellow angel of the sky.
Heat of the people.
The sun.....

The nature became happy.
When the sun rise came.
Because of the sun,
The rain is coming

The sun flower will glow
The sun is the shining star in the
Morning.
Sun is shining in the sky.

LOST CHILDHOOD

Across, the streets along the roads . Minds of the
Field in the hot sun. Hurts with thorns. Falls on the
rocks. Part of innocent childhood.

Rolling down glittering tears

Drenched in the sweat. Seen a child , brown appearance
,now still playing. No no hard work.

Half lift in the swing of life. Immature of the childhood

Hurt in the hurtdles of life peace fully , happily
The lost child hood never comes back.
he lost humanity never regrets changes,
changes let begin from you.
