Click **Reload**

The screenshot shows the Synaptic Package Manager window. The 'Reload' button in the toolbar is circled in pink. The window displays a list of packages with the following table:

| Package         | Installed Version | Search for packages | Description      |
|-----------------|-------------------|---------------------|------------------|
| 0ad             | 0.0.15+dfsg-3     | 0.0.15+dfsg-3       | Real-time strate |
| 0ad-data        | 0.0.15-1          | 0.0.15-1            | Real-time strate |
| 0ad-data-common | 0.0.15-1          | 0.0.15-1            | Real-time strate |
| 0ad-dbg         |                   | 0.0.15+dfsg-3       | Real-time strate |

At the bottom of the window, it states: "49465 packages listed, 3645 installed, 0 broken. 0 to install/upgrade, 0 to remove".

# How to update firefox Web Browser

Click **Search**

The screenshot shows the Synaptic Package Manager window. The search button is circled in pink. The window title is "Synaptic Package Manager". The menu bar includes File, Edit, Package, Settings, and Help. The toolbar contains icons for Reload, Mark All Upgrades, Apply, and Properties. The main area shows a search bar with the text "Search for packages" and a search icon. Below the search bar is a table of packages.

| Package         | Installed Version | Search for packages | Description      |
|-----------------|-------------------|---------------------|------------------|
| 0ad             | 0.0.15+dfsg-3     | 0.0.15+dfsg-3       | Real-time strate |
| 0ad-data        | 0.0.15-1          | 0.0.15-1            | Real-time strate |
| 0ad-data-common | 0.0.15-1          | 0.0.15-1            | Real-time strate |

## Search Firefox

The screenshot shows the Synaptic Package Manager window in a Linux desktop environment. A search dialog box is open, with 'firefox' entered in the search field. The search results table is visible, showing several packages with 'Real-time strate' in their descriptions. A pink circle highlights the search dialog, and a pink arrow points to the search results table.

| Package | Installed Version | Latest Version | Description      |
|---------|-------------------|----------------|------------------|
| 0ad     | 0.0.15+dfsg-3     | 0.0.15-1       | Real-time strate |
| 0ad     | 0.0.15-1          | 0.0.15-1       | Real-time strate |
| 0ad     | 0.0.15+dfsg-3     | 0.0.15+dfsg-3  | Real-time strate |

# How to update firefox Web Browser

Wait for file downloading ==> **Apply**

The screenshot shows the Synaptic Package Manager window with the 'Apply' dialog box open. The dialog box has a title bar 'Synaptic Package Manager' and a menu bar 'File Edit Package Settings Help'. The main content area is titled 'Summary' and contains a question mark icon followed by the text 'Apply the following changes?'. Below this, it says 'This is your last opportunity to look through the list of marked changes before they are applied.' There are two expandable sections: 'To be upgraded' and 'Unchanged'. A 'Summary' section at the bottom provides details: '428 packages will be held back and not upgraded', '1 package will be upgraded', '7066 kB of extra space will be freed', and '43.1 MB have to be downloaded'. There is an unchecked checkbox for 'Download package files only' and a 'Show Details' button. At the bottom of the dialog are 'Cancel' and 'Apply' buttons. A pink checkmark is drawn over the 'Apply' button. A black tooltip with the text 'Apply all marked changes' is positioned over the 'Apply' button. The background shows the Ubuntu desktop with various folders and icons.

## How to update firefox Web Browser

When finished, Restart ==> Check firefox version

**Firefox updated to the latest version.  
The same way, other browsers also can be updated**
